Progress of
Mid-term Management Strategy

Corporate Philosophy and Slogan of the Temp Group

<Corporate Philosophy of the Temp Group>

Creating Jobs, Adding Value to Individuals, and Contributing to Society

<Slogan of the Temp Group>

Helping people fulfill dreams and find happiness through work

Aim to Become No.1

in the "number of users" and "number of employed persons"

Outline of the Mid-term Management Strategy

Strategy 1 Optimize the Group's management and segment structure

- We will change our segment structure from seven segments to four in order to accelerate decision-making and realize appropriate resource allocation.
- We will re-establish governance by integrating the back office and middle office divisions as well as enhancing the indirect functions of Temp Holdings.

Strategy 2

Increase the number of employed persons through investment in the Temporary Staffing division and improved productivity

- We will achieve continued growth based on trust and a sense of security in the Temporary Staffing division and expansion in scale through M&As.
- We will realize stable employment by securing as much employment data on women, youth, the elderly, engineers, etc. as possible.

Strategy 3 Gain more users in the Recruiting segment

- We will maximize contacts with users through aggressive investment in the Recruiting segment.
- We will promote integration of the Group mainly in the Asian region at the North Asia and South Asia managing companies.

Strategy 4 Enhance capability to offer solutions in outsourcing services

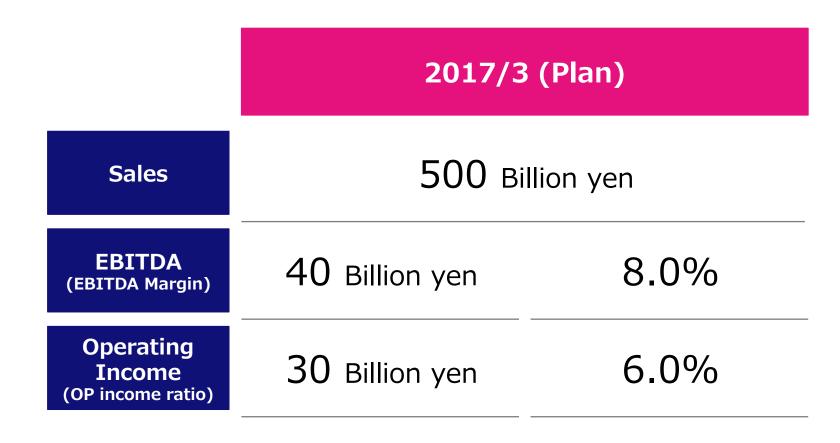

- We will improve the service level by accumulating know-how in outsourcing services (BPO, ITO, Engineering).
- We will enhance the training of engineers and strengthen recruitment abilities through the cooperation of Group companies.

Strategy 5 Generate group synergy

By offering a full line-up of services and strengthening cooperation between segments, we will realize life plan support by providing work for job seekers and management support by providing human resources to companies.

The Environment Surrounding the Personnel Service Industry ③

Japanese women's labor force participation rate by age group shows an M-shaped curve. Many women are hoping to work and are expected as a rich potential labor force.

Germany

Japan

Sweden

USA

Environment surrounding the Temp Group

A declining labor force due to changes in the demographic structure

Diversification in work patterns and an increase in non-regular employment

Low labor participation rates of women in their 30s and 40s

Labor mismatch due to the shift in industry structures

Revisions/changes in laws and regulations

Companies' overseas expansion and an increase in those seeking jobs abroad

The Temp Group's ideas of social roles expected of a personnel service company

To establish a business portfolio that is not affected by business fluctuations, and to achieve high growth To support career development through matching and employment management in order to overcome the barriers of sex and age in recruitment and employment

To realize the transfer of labor without unemployment, from mature industries to growth industries in cooperation with the state and local government

Sophistication of the personnel service industry through personnel development

The Temp Group is expected to become a "company that offers personnel service as a social infrastructure" to an unprecedented level
